Debbie, even though we correct it with a certificate of correction would you also want a corrected patent so it will be on the title page correctly?

Bob

Since it has issued, we could initiate an Office Certificate of Correction and list:

Please let me know how you would like to proceed.

Bob, below is an issue with the publication of a patent listing an LIE as the examiner. Is this something we should fix? If so, can I have a contact and I will inquire about getting it fixed. Thanks - Greg

There is a Patent with an LIE listed as the Assistant Examiner (US 7387064). Do we need to have this changed?

Hi Dana,
While I was searching in EAST, I noticed an independent claim of a patent that I issued have left out a "large chunk" of limitations that I included in the Examiner's amendment before I allowed the case. Those limitations play a critical part in the patentability of the claim. What should I do ? Send an e-mail to PUB ?

Jimmy T. Nguyen
